Montreal, Canada and Bucharest, Romania, February 13, 2007. Ultimate Technographics Inc, <http://www.imposition.com/>, the pioneer and leading imposition software developer, is pleased to announce the signature of a dealership agreement with Nestra Systems. Nestra will distribute and support Ultimate's product suite, Imposition, throughout Romania.

Imposition, Ultimate's flagship product, is a genuine client-server solution with dynamic templates and is the most powerful suite of digital imposition solutions developed to meet an entire range of imposition needs. From offset to digital and for specialized imposition jobs, Imposition has the widest imposition capabilities and easily integrates into major workflows. Nestra will also offer Imposition On-Demand Digital, the flagship solution for on-demand printing and digital printers.

"We have been collaborating with Nestra's founders for several years now. We are pleased to have the opportunity to continue working with Andrei and his team at Nestra." explains Raymond Duval, Director of Channel Development, "Nestra is a fresh new company with a proficient hands-on experience in the graphic arts industry. Their knowledge of the printing market, combined with the most complete digital imposition solutions suite for Digital Printers, will translate into a successful solution for our Romanian users and partners."

Nestra's Managing Director, Andrei Stan says: "We see the Ultimate Technographics product line as the most comprehensive imposition solution today. Ultimate's products seamlessly integrate into the CTP workflow installations at our customer's site, who immediately benefit from the impressive features and ease of use. A powerful software, so carefully tuned and quickly updated whenever necessary, doubled by such a good quality support is a must have".

For the occasion, Ultimate and Nestra will be offering Imposition's complete product suite at a special price until March 23rd 2007. A special trade-in upgrade offer from other imposition products will also be offered.

About Ultimate

Headquartered in Montreal, Canada, Ultimate invented digital imposition over 15 years ago with the first release of Imposition, and has continued to play a leading role in the market ever since in providing the most innovative and progressive imposition products. The company is continually evolving Imposition to be the first to take advantage of new operating systems or DTP applications and over 150 other applications supported in PostScript and PDF. Over 25,000 imposition solutions have been sold to date to prepress professionals and digital printers around the world, and the company has a rich history of providing imposition technology into hardware and software workflow solutions for print industry providers including AGFA, Kodak, Xerox, Creo, HP Indigo, Xeikon and many more. www.imposition.com

About Nestra
